

“The Battle Hymn of Garbage”

(sung to the tune of “The Battle Hymn of the Republic”)

(Chorus)

We don't want incineration

We don't want incineration

We don't want incineration

We know there's a better way!

We come from the valleys
and the hills of Gloucestershire
We care about the planet
and the people who live here
"Best Practice" waste policy
we want for Gloucestershire
And no fly ash at Wingmore!

(Chorus)

We don't want incineration

We don't want incineration

We don't want incineration

We know there's a better way!

Mine eyes have seen the garbage
that's a smoldering on the grate
We must stop incineration
before it is too late
Unless we wish the dangers
we had better separate
And we must do it now!

(Chorus)

We don't want incineration

We don't want incineration

We don't want incineration

We know there's a better way!
